**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: independent claims 1, 14 and the respective dependent claims are allowed because the instant invention discloses a novel method for weaving pile fabrics on face-to-face weaving machines and the fabrics thereof. Specifically, the method and fabric are required to have: groups of at least four weft yarns inserted in respective openings between repeatedly crossing binding warp yarns; that pile warp yarns are interlaced over a weft yarn in the upper and lower backing fabric alternately in order to form pile burls; and that during successive insertion cycles each time at least two weft yarns are inserted, so that each group of weft yarns comprises at least two pairs of weft yarns and in that the pile warp yarns are interlaced each time over the weft yarns of these pairs, situated on the back of the fabric. The specific yarn groupings, insertion requirements, and interlacing placements are not taught in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H Muromoto, Jr. whose telephone number is 571-272-4991. The examiner can normally be reached on 8-530, M-F.
